MEMORANDUM FOR: Assistant to the President for National Security Affairs

SUBJECT: Soviet Activity in Cuba

I thought the attached update on the Soviet activity in Cienfuegos and Mariel, Cuba, would be of interest to you and the President. We are keeping a close watch on the movements of the submarine tender and the rescue tug now in the Port of Mariel and will keep you advised. All that can be said as of this moment is that the Soviet Navy still has all the essentials in Cuba to operate an advanced submarine base.
